CITYWIDE CONVERSATION

Atlanta Streetcar Program Environmental Clearance

An additional subject has been added to this Citywide Conversation. During this meeting, Atlanta BeltLine, Inc. (ABI) will provide a presentation of the options evaluated for crossing DeKalb Avenue Southeast.

ABI, on behalf of the City of Atlanta, is starting the environmental clearance process for another two miles of Atlanta Streetcar. Please join us to learn about this process. Also, over the past two years, ABI has been evaluating route options and future connections to MARTA along 16 miles of future corridors of the Atlanta Streetcar. We will be providing an update on that process as well.
